WORK EXPERIENCE

Junior Front-end Developer Yudiz Solutions Ltd.

01/2023 - Present

Ahmedabad, India

Achievements/Tasks

- Led development of highly responsive and user-friendly web applications, utilizing expertise in HTML, CSS, JavaScript, and modern front-end library React.
- Implemented captivating animations and transitions using GSAP (GreenSock Animation Platform), boosting user engagement and interaction quality resulting in increased user retention.
- Leveraged Three.js to create immersive 3D graphics and interactive elements, offering unique and engaging user experiences.
- Implemented a mobile-first design approach, resulting in a 35% increase in mobile user engagement and a 20% boost in overall user satisfaction.
- Designed and developed a modular component based styling approach, revamping code reusability and consistency across projects, reducing development time by 25%.
- Cooperated closely with UX/UI designers to translate wireframes and prototypes into pixel-perfect, intuitive user interfaces.
- Integrated RESTful APIs to fetch and display dynamic data, enhancing overall user experience.
- Ensured cross-browser compatibility and accessibility, resulting in a 20% reduction in user-reported issues and enhanced SEO rankings
- Partnered with back-end developers to ensure seamless integration and data exchange between front-end and back-end systems.
- Remained up-to-date with latest front-end technologies and trends, continuously increasing skills and contributing innovative solutions to team.

Front-end Developer Trainee Yudiz Solutions Ltd.

07/2022 - 12/2022

Ahmedabad, India

Achievements/Tasks

- Acquired hands-on experience with fundamental web technologies, including HTML, CSS, and JavaScript, through guided mentoring modules and practical exercises.
- Gained proficiency in using modern front-end libraries/frameworks such as React and Angular to develop responsive and dynamic web applications during coaching projects.
- Demonstrated my ability to devise visually appealing and user-friendly user interfaces, following best practices in design and layout.
- Worked with WordPress to understand content management systems (CMS), enabling customization, maintenance and creation of WordPress-based websites.
- Collaborated with peers on training assignments and group projects, improving teamwork and communication skills within a development environment.
